

The Artist

Glen River

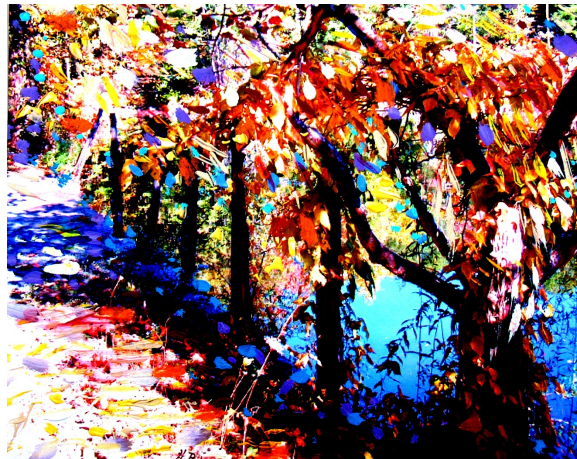

“The eye and the mind are partners in Seeing. My art works are dedicated to refining Seeing and creating specific visions. The visions are either portraits (faithful to the eye) or constructions (faithful to the mind). These partners cross-pollinate sharing ways of describing the vision and framing the perspective.”

River has been an artist since childhood. Extensive education, travel, and an extraordinary talent launched his voyage of discovery.

The Collection

The 53 works of art including major paintings, drawings, and prints covering a time-span from 1972 to 2015. It is one of the largest collection of Rivers art. It can be seen as a relationship of a shared visual journey resulting in this large body of work.

The Collector

Karen Mitchell

I've known Glen River for 35 years. He's a totally dedicated artist consumed with this need to be creative and express himself in a variety of ways. He has written songs and plays and poetry and music, but his paintings always to me were particularly impressive and interesting. He's got extensive formal training and he's a very creative philosophical spiritual being. We met, became friends and exchanged ideas. Over that time I aquired this unique group of works. It just happened. So now I guess I'm an official collector.
